

**Victoria Hinderks:**  
**Winner of the John-Paul Himka Award for Excellence in Undergraduate Writing**

Victoria Hinderks will be graduating this spring with a Bachelor of Arts in History and Political Science. Her love for Social Studies, which began in Junior High when her Grade 9 social teacher danced around the room singing Boney M's "Rasputin", drew her to study at the University of Alberta. Since then she has always searched for that kind of joy and satire in her studies. Victoria has always been attracted to History and Political Science because they are so complimentary, showing what has happened in the past and why. Through her studies Victoria has found a love of writing and for the ability to form and express idea and it is these passions which she hopes to be able to transfer into the workforce in the coming months.

Congratulations!
