

## Material

### Poetic Fragment #3

Carol M. Lee  
University of Ottawa

---

Private treasures  
Found  
In his pockets on laundry day  
Two rocks  
And a question, Why these?  
Rolling their colour and shapes  
Around my inspection  
I'm drawn into smile  
Drawn into a compelling wonder  
(His wonder)  
Pulled closer to a young son
