

CHAPTER HIGHLIGHTS / FAITS SAILLANTS DES CHAPITRES

Southwestern Ontario Health Libraries Information Network

Programming

The Southwestern Ontario Health Libraries Information Network (SOHLIN) hosted Ellen Westling from EBSCO on 13–14 April. She taught advanced searching classes highlighting CINAHL and DynaMed. Sessions were held in both London and Windsor.

SOHLIN members were invited to attend an information session about UpToDate. On 21 January 2010 at The University of Western Ontario, Dr. James Wiley, an editor for Paediatric Emergency Medicine and a professor of Pediatrics and Emergency Medicine/Traumatology at the University of Connecticut School of Medicine, led a presentation and discussion about how UpToDate is evidence based. It was very interesting.

Business

SOHLIN will have a business meeting in the springtime, but the date and location has yet to be determined.

A few SOHLIN members submitted a request for research funding to CHLA. This was an interesting process as I had never facilitated this process before. We wish them good luck.
