CHAPTER HIGHLIGHTS / FAITS SAILLANTS DES CHAPITRES

Ottawa Valley Health Library Association

Programming

The Ottawa Valley Health Library Association held a continuing education (CE) day Wednesday, 25 November 2009, at the University of Ottawa Morisset Library. The morning session was a Cochrane Library Train-the-trainer Workshop lead by Tamara Rader (Cochrane Collaboration). The afternoon session featured Advanced PubMed Searching with Emmanuel Nkansah and Melissa Severn, both with the Canadian Agency for Drugs and Technologies in Health (CADTH).

We will be recruiting a new CE director, saying goodbye to Lorna Adcock who has accepted a position with The Queen Elizabeth II Library, Memorial University, starting 15 March 2010. Our thanks go to Lorna for the excellent events she has organized for us.

Margaret Sampson

*Children's Hospital of Eastern Ontario
Manager, Library Services*
