

## **Letter from the Editor**

I am pleased to share the Proceedings of the 48th Annual Conference of the International Association of School Librarianship conference and the 23rd International Forum on Research in School Librarianship held in Dubrovnik, Croatia from October 21-25, 2019. The Research Papers and Research Abstracts were peer-reviewed by a minimum of three school library researchers.

These Proceedings are made available freely to all through the support of the University of Alberta Libraries' no-fee publishing service. The University of Alberta Libraries provide web hosting for journals (and conference proceedings) using the Open Journal System (OJS) publishing software.

I would like to thank Sonya Betz, Head, Library Publishing and Digital Production Services, for her ongoing support and leadership in promoting open access initiatives. I would also like to thank Emily Zheng, Publishing and Digitization Specialist, for her technical support and for being willing to answer all questions in a friendly and timely fashion.

Jennifer Branch-Mueller  
Professor, Teacher-Librarianship Education  
Associate Chair, Graduate  
Department of Elementary Education
